COUNTY OFFICIAL PAPER.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

A LAST WORD

As this is the last issue of the Times-Gazette prior to the election on Tuesday next, we again call our readers' attention to the solid merit of the Republican ticket as a whole and urge all electors to vote a straight ticket. In the list of candidates mentioned by us in these columns no unworthy name will be found, and we bespeak for each and every one of them a rousing vote.

A CAMPAIGN FREEK STORY

The Democrat in its desperation has maligned one of the best citizens of the county. In its last issue it was stated that W. J. McFarland was a nickel in the slot machine man and came here one day during the week in the interest of Bob Chatham and that he was a non-resident of the county. Nothing could be further from the truth. Mr. McFarland is in the real estate business and is not in the slot machine business. Furthermore he is a resident of San Mateo having a happy home there. He is one of the best known and best liked citizens of the county. This reflection by the Democrat will be resented at the polls by his friends next Tuesday in the election of Mr. Chatham.

VOTE FOR THIS MAN

Judge Frank H. Kerrigan, the nominee for a member of the Appellate Court made an excellent and impartial judge, one that San Francisco is proud of. He is a good man, well qualified for the position to which he aspires and should receive the support of the voters. The people have a warm spot in their hearts for Mr. Kerrigan, he having spent his boyhood in the county. He should receive a large vote in San Mateo county which he has honered by his achievements.

Mud slinging never gets votes.

The Fifth township will honor itself by honoring Edgar A. Shaw.

The Second township will vote for a first class man—J. H. Coleman.

All in favor of good government will vote for Gillett for governor.

A vote for P. P. Chamberlain means a vote for an honest, true and trusted official.

When you go to the polls next Tuesday morning don't forget to vote for Bob Chatham for sheriff.

Johnnie Johnston, the ever obliging recorder, will be elected with his usual large majority. All indications point that way.

Congressman Hayes will be returned to Washington with a larger majority than he received two years ago.

Will B. Gilbert will continue to be the surveyor. He has surveyed the political situation and his majority Will B overwhelming.

W. H. Underhill is strictly in it for auditor. He deserves to be.

Gillett will carry the county by 700. See if we are not right.

The battle has been practically fought and won. Every Republican nominee on the county ticket will be elected on next Tuesday.

San Mateo county never had a better ticket than the present Republican ticket. The candidates are all first class gentlemen. No risk can be taken in voting the ticket straight. Let the victory be complete.

Joseph H. Nash has completed an excellent campaign throughout the county and it is conceded that he is a sure winner. He will give a good account of himself in the clerk's office.

The Democrats are shedding bitter tears and are howeling for a change, yet some men of their own party are holding office in the county for many terms. Be consistent gentlemen.

C. L. McCracken is going to be elected. When you scan the column of majorities the morning after election you will find his vote near the head of the list. The people believe in rewarding men and Mr. McCracken is going to be rewarded.

In the enthusiasm for the local candidates don't forget to vote for Judge Henshaw for associate Justice of the Supreme Court. It is true he will be elected by an enormous majority but letthe vote of San Mateo county, his home, be overwhelming. He is one of us and should get every vote.

A REPUBLICAN ON PROTECTION

Editor Times-Gazette: It may be thought unnecessary to write anything in favor of the Republican party as the proofs of its work for the welfare of the whole people must be apparent to a large majority; yet there are some who need to be reminded of the causes which have placed the United States in the foremost position from all points of view among the nations of the world. Before going further into this subject I wish in a friendly way to pay my respects to the Democratic party of San Mateo county. I must disapprove of at least one plank in the platform of that party adopted at Redwood City recently. It is recommended to put the prisoners in the county jail at work breaking rock for the county roads in order to save county expenses we are told. Let us look at this matter without prejudice. There is a gang of men, I cannot say how many, employed every year for a period of two months at the rock crusher. These men are paid $2.50 a day which enables them to pay their taxes and support themselves and families. Deprive these men of work by getting convict labor to do it and you deprive them of the necessaries of life. Again the teams that haul rock to the crusher which is always near the quarry, if they had to deliver this rock at the county jail there would be 5 or 6 miles more to haul, conseeuently an added expense on the taxpayers. This would be more I believe than what is supposed could be gained by having the prisoners break the rock. Besides the rock crusher will break more in any day than the prisoners would break in three months. Now this Democratic platform is so ridiculas, and its fallacy so plain that it would be idle to say any more about it, and so I will ring down the curtain for neither gods, or men can tolerate a lengthy discussion of such nonsense.

Mr. Davis Deemocratic candidate for Congress from this district in his address before the convention found fault with the Washington governmen tand said it was to blame for delay in rebuilding San Francisco. It was unjust and in bad taste to accuse the National government in this instance. The stricken city got prompt and liberal aid from the United States treasury, and any delay in rebuilding was the result of the Sailors strike, rise in the cost of material etc. Of course Mr. Davis laid the whole blame on the tariff. The Democratic Party would be entirely lost if it had not the tariff to keep harping on, and claiming for all ills real and imaginary. Tariff for revenue only was the war cry of the party when it was a unit,it is war cry now in its disintegrated and shattered condition. Some people do not fully realize that tariff for revenue only is the prolific parent of bankruptcy, armies of unemployed, free soup, and wide spread pauperism. Those of poor memory need to be often reminded that this kind of tariff during Mr. Cleveland's second term reduced this great nation to a state of mendacency; that many, very many millions of dollars had to be borrowed to pay the expenses of the government, even to pay Mr. Cleveland his salary. When Wm. McKnley became president this was a land of destruction, a depleted treasury, factories shut down, ruin everywhere. But in electing McKinley president the people had also the good sense to send a majority of Republicans to Congress, and we got the Dingley bill which banishes hunger and idleness and gives us happiness and plenty in their stead. To keep with us protection of home industries should be chief aim of all true Americans, and such being the case it is our duty to return Mr. Hayes of Santa Clara to the National legislature.

We owe to protection many material blessings; but there are two which seems to me not be sufficiently written about to make them as well understood as they ought to be. I allude to the Panama canal and the vas system of imigration which is well underway. Both of these great enterprises would not be possible with out the protection neither would anything else of value to the country. The imigration project will transform millions upon millions of acres of barren waste land into productive farms which will be peopled by some millions of the race that for the last decade that has done more, not alone for this country but for humanity, than has been done during any century of the past if I remember my history aright. To keep the party of protection the Republican party in power is a duty we owe to ourselves. To strengthen and disseminate its principals means an advancement of civilization and the well being of man which is only possible to genius of the poet to describe.

THOS. D. BROUGHAM,
San Mateo, Oct. 16, 1906.

Political Text Book

The text book of a political party is as a rule the keynote to the campaign to be made by that party. The key note of the Democratic party has been sounded by the text book which has just been issued, and it is a key note of reckless misrepresentation. The recklessness of the text book is shown by its reference to President Roosevelt as having done more to befriend the trusts and corporations, and having shown more dis regard of law than any of his predecessors. There is art even in lying, and there is such nonsence in lying as to make the lie helpful to the object of it. This lie regarding President Roosevelt is of the latter character. It is so ridiculous as to be humorous, and it will injure only the Democrat who treats it as other than a huge joke.

President Roosevelt a friend of trusts and monopolies, indeed. Ask the trust promoters why they are opposed to Roosevelt. President Roosevelt has given life and vitality to the Anti-Trust laws, all of which have been enacted by Republican congresses. The Sherman Anti-Trust Law was enacted under the Harrison administration, and several important cases were prosecuted and won by that administration. But under the Cleveland administration the law was a dead letter because no effort was made by Attorney General Olney to enforce it. President Cleveland expressed his disbelief in the law in his message to congress, and the Democratic Congress expressed its inability to amend the law or do anything to regulate the trusts

President McKinley had a foreign war on his hands and many foreign questions to deal with, but he managed to find time to prosecute the trusts that were organized in defiance of law. But President Roosevelt took up this question in his first messages and he followed that with the successful prosecution of the Northern Securities company as organized in violation of the Sherman Act. It was dissolved, and that was only the beginning of the trust prosecutions by President Roosevelt. More cases have been brougat and won by the Ttorney General under this administration than under all the administrations that preceded it. It will be news to the trust promoters that President Roosevelt has shown partiality to them and befriended them. It will be news to the general public who know the facts. It will also be news to the public that President Roosevelt has violated or ignored the law. He has been the most rigid enforcer of the law, not only against the trusts, but against all others who have violated the law, even when this punished some of his own friends and office holders.

It is a good thing for Republicans who are not too well known to the whole country that the Democratic text book editors have followed the old adage of striking high and at a shining light. The public knows just how much value is to be given to the attacks on the president, and the public can put the same value on all other misrepresentations of Republican policies from that scource.

R. H. JURY

R. H. Jury is making nice speeches throughout the county that are making many admirers and supporters for him. He is an able man with a fund of knowledge and good common sense, characteristics which should be possessed by every legislator. Mr. Jury if elected and he surely will be would wield a rare influence in the legislature that would be the means of securing many favors for this county as he has spent one term at Sacramento he would be in a position to do much for the peninsula. Mr. Jury should receive the support of every one in the county.As a journalist he has done a greeat deal for the Republican party. His vote will be very large and it should be for Mr. Jury ha always kept his pledges and will be a safe man at Sacramento.

MADE A GOOD CONSTABLE

James Cronk, the Republican nominee for constable of this township, has held that office for the past four years and he goes before the voters on his record. He has made a good official always attnetive to duty and a terror to evil doers. The criminal element fear him and have cause to for he has been fearless in rounding them up.

WILLIAM M. TURNER

William Turner announces himself as a candidate for Justice of the Peace of the Third township. Every body can vote for him as he is the independent candidate for the office. *

NOTICE.—Having disposed of the Palo Alto stables I am anxious to have all outstanding bills settled at once. Those owing me will remit to me or have their bills receipted by Thomas Wilson at the Palo Alto stables. I take this opportunity of thanking the public for the liberal patronage given me.

Mrs. S. Cronk.

If the Republicans vote their ticket straight, there will be no fear of defeat. Victory next Tuesday.

VOTE THE REPUBLICAN TICKET STRAIGHT

JOS. H. NASH

Joseph H. Nash, the Republican candidate for the office of County Clerk, will land a winner Tuesday next. The office of County Clerk is one of the most responsible positions in the county, and should be occupied by a man of scrupulous honesty, ability, and clerical training. The records of the Superior Court, and of the Board of Supervisors are in the hands of the Clerk, and the thousand and one duties that devolve upon the Clerk's office can be performed only by a man who has been brought up to do clerical work, and who can easily acquire familiarity with the routine of the office. All these qualifications Mr. Nash possesses. For the last ten years he has been coanected with office work, and this experience will enable him to proform the duties of Clerk intelligently and well. Mr. Nash is a San Mateo County boy, and is immensely populay throughout the County. There is no doubt of his election, and the "Times-Gazette" predicts for him a handsome majority.

DR. PLYMIRE

Next Tuesday the voters of our County will exercise the highest pregorative of their citizenship. The voters duty is a serious one and due attention should be given to the nominees who are seeking their sufferages. The Republicans have selected a man for the office of Coroner and Public Administrator on account of his medical education. The people and voters of the County want a man of medical education and the Republicans at their Convention at San Mateo nominated the popular, able and efficient Dr. Plymire, of South City, for the office. He has made a clean campaign and has seen the voters of all sections of the County, and it is for them to decide who is better fitted for the office. Who can save the most money for the taxpayers? The man whois obliged to call physicians to his assistance or the man who is one himself? Dr. Plymire will get fully eighty per cent of the votes at the North End of the County. What better argument do voters want than this? If a man is well-liked at home his character, goodness and personal worth is known and this should, in a great meesure, guide those who are seeking light upon the reputation of Dr. Plymire. Voters, give your support to the Republican nominee for the office of Coroner and Public Administrator and you will never regret it, and your taxes will be lower.

C. D. HAYWARD

Clarence D. Hayward, the Republican nominee for assessor is an examplary man and a member of Redwood City Parlor N. S. G. W. Mr. Hayward is a genial man who has friends in both political parties who know his efficiency and capabilities for the office to which he seeks reelection. All will admit that he has made a splendid assessor, the very best the county has ever had. He has been fair and just in his assessment of property. The tax payers are satisfied with him. Mr. Hayward may always be found at his post of duty at the courthouse. The votres cannot make a better choice than Mr. Hayward. He is a man of unquestionable character whose judgment cannot be warped or twisted, or whose honor cannot be tampered with by either bribery or threats.

Clarence Hayward is certain to be elected. The people know when they have a good official and they are not going to part with him.

W. B. GILBERT

Will B Gilbert is one of the sure winners. It is true he has had little or on opposition but this did not deter him from making a good canvass. He has creditably filled the office for surveyor for the past two years. He is a genial man, one who is ever ready to give assistance to any onedesiring information in corcering his office. A man like Will B. Gilbert deserves well at the hands of the voters. His vote will, no doubt, be very large.

Takes Fling at Nash

Some one signing himself an old Republican in the Democrat takes a fling at Joseph Nash the nominee for county clerk. The writer makes a feeble effort to stir up prejudice again the young man but has failed ingloriously. Mr. Nash has conducted a clean campaign and will receive a handsome majority.

CARROLL COOK

Every citizen who believes in fair play should vote for Judge Carroll Cook for presiding Judge of the Appelate court to rebuke the Examiner for the miserable attacks made by it on him.

Political Advertisements

It seems to be conceded that Judge M. T. Dooling of San Benito will be elected by a large majority one of the Justices of the Appellate Court of this district. He is known as an able and honest judge and appears to have the support of all good citizens, irrespective of party. The Bar Association of San Francisco has indorsed him, which is a great tribute to his ability and integrity when it is considered that he comes from a county far distant from the metropolis and that to indorse him the Association had to "turn down" two candidates who live in the city, and who are probably personally known to every member of the Association.

In its indorsement the Bar Association says it recommends Judge Dooling's election because he is a man of "learning and integrity and of all the candidates named, irrespectaive of residence or party, best fitted for election to this court." It then adds:

"Judge Dooling has been for years Superior Judge of San Benito county. He is one of the best known trial judges in the state, and because of his learning and experience, is continually called into other counties to try contested cases. So well does he stand in San Benito county that both the Republican and Democratic parties join upon him at each election as their candidate for Superior Judge. It is said of him that no civil case has ever been tried by a jury in his court, the litigants preferring to take his judgment to that of any twelve of his neighbors. For the Court of Appeals he is the nominee of the Democratic and Union Labor parties and of the Independence League."

WILLIAM M. TURNER

William Turner announces himself as a candidate for Justice of the Peace of the Third township. Every body can vote for him as he is the independent candidate for the office.

VOTE THESE AMENDMENTS

Among the Amendments to the Constitution to be voted for at this election is the one designated Senate Constitutional Amendment No. 20. The object of this amendment is to permit corporations whose charters are about to expire by the fifty year limitation prescribed by law, to extend their corporate existance for another fifty years by the simple and inexpensive process of filing with the proper officials a certificate of their intention to do so. It is well known that many California corporations including banks, were organized between 1856 and 1865 under the first statutes on corporations for a period of fifty years. They are nearing the end of their legal existence. Unless this amendment be adopted they will be compelled to wind up their affairs and dissolve through expensive and laborious court proceedings andprovide for reorganization under a new name. The result would be not only loss to the corporations but a serious setback to their creditors and customers and an interruption to the general business of the community. The banks of California, the Hibernia, San Francisco Savings, Union and the Savings and Loan Society are among those who would be compelled to pass thro' this ordeal. Think of the immense amount of business which must be done to reorganize these banks. The act will not extend the franchises granted by cities of towns to corporations, nor increase the corporate power or right of any corporation. It will simply prolong the life of corporations that wish to continue to exist.

The Senate Amendment No. 8 is a good one for those who have mortgages on their property for it relieves them of extra interest. When a bank loans money it charges interest sufficient to cover the tax which it will be compelled to pay so that the borrower instead of paying 7 per cent interest on his loan has to give 9 per cent thus making a larger burden for him to bear. The amendment is as follows:

"Every contract hereafter made, by which a debtor is obligated to pay any tax or assessment on money loaned, or on any mortgage, deed of trust, or other lien, shall, as to any interest specified therein, and as to such tax or assessment, be null and void."

A study of this amendment will soon convince anyone that it is to the interest of borrowers to vote for it.

A Kick from Pescadero

Editor Times-Gazette. Dear Sir:

If you will spare me the space in your valuable paper I would like to say a few words in reply to a letter written to the Golden West under the head of Pescadero Politics.

In the first place I wish to state that I write as a Republican; one who formerly belonged to the Push and was recognized as such by being nominated and elected as Justice of the Peace in 1902 and by being appointed County Committeeman in 1904.

We are willing to admit that for the last eight years the programme has been to run Mr. Shaw as the Republican candidate for Supervisor but on Primary election day only 58 voters said he was their choice although between 150 and 200 votes were cast. It is also true that the county committee tried to induce Mr. Blackburn to withdraw from the fight but he declined from doing so because a majority of the Republicans had urged him to stay in the fight. We do deny that any of the supervisors, with the possible exception of one, are trying to elect Mr. Shaw or are meddling with his election in any way. As for the talk that Mr. Shaw will have fifty majority it is too absurd to answer as well as the statement that the Independent candidate is trying "to purchase the votes of the best and oldest, highly respected citizens here."

Mr. Blackburn is relying upon the Republicans and Democrats who are independent and who decline to be programmed for any candidate. He claims he is fully able and capable to perform the duties of supervisor and if elected he will perform the duties of that office without fear or favor and will be as much an independent official as he now is an independent candidate.

We do not wish to say anything against Mr. Shaw. It shows a decided lack of political wisdom to write against an opponent as the correspondent to the Golden West has done. Let the Republicans of this district, who ever their choice may be, say as Mr. Hayward said at the Republican meeting, "We are not in business to throw mud. All the candidates are good, honest and honorable men but I am going to vote for my choice because I think he is the man for the place."

An apology is due your readers for taking even a passing notice of the Golden West's tirade but for fear some of the voters might believe the statements made therein, we thought it best to tell what we know are the facts.

Very truly yours,
CARL J. COBURN.

A LAST WORD

As this is the last issue of the Times-Gazette prior to the election on Tuesday next, we again call our readers' attention to the solid merit of the Republican ticket as a whole and urge all electors to vote a straight ticket. In the list of candidates mentioned by us in these columns no unworthy name will be found, and we bespeak for each and every one of them a rousing vote.

NOTICE TO VOTERS

Owing to the fact that this is the busiest time of the year in the Tax Collector's office and feeling that the duties connected with that office can not be neglected even during a political campaign, I take this opportunity of informing the voters that the time at my disposal may not permit me to meet them all personally.

I shall, however, do my utmost to present my claims in person and will only be prevented by my official duties.

Although the tax rate of 1905 was the highest in the history of the county, I point with some little pride to the fact that for 1905 we had the smallest proportionate delinquent tax list San Mateo county has ever had.

If a record such as this be appreciated by the tax-payers and voters, I have no hesitation in asking your endorsement at the polls on November 6th.

Respectfully yours,
C. L. M'CRACKEN.

Remember Bob Chatham for Sheriff

PUT YOUR

In the O at the Head of THE REPUBLICAN TICKET FOR GOOD GOVERNMENT AND ECONOMY

BOB CHATHAM

Bob Chatham, the republican nominee for Sheriff of San Mateo County, is a native Son of the Golden West, having first seen the light of day in San Francisco. He spent the greater portion of his life in this county and is known from one end of it to the other. He has made a thorough and clean canvass and will on next Tuesday receive a large vote from all portions of the County. His election, by a substantial majority is now assured. He will make an excellent official and bring to the office experience gained as constable of the Third Township. The unalloyed respect and fraternal admiration which cling to the principles of whole-souled manhood have entwined the popular career of Bob Chatham. Outside of the fact that Mr. Chatham has a large circle of friends holding different political views, his claims to the republican party are particularly strong. He has been a life worker in the republican ranks. His private character as well as his public reputation is stainless. He is a tax-payer and all-round good citizen for whom any voter in San Mateo County would feel it an honor to cast his ballot and we have no doubt the 6th of November will see him elected sheriff of San Mateo County.

ROY W. CLOUD

Roy W. Cloud is one of the young men who was this year nominated by the republican party. During the campaign he has made a vigorous canvass with his characteristic energy and there is no doubt that on Tuesday next he will be elected by a substantial majority. Mr. Cloud was born and raised in San Mateo County and is well worthy of recognition at the hands of its voters. The office of Superintendent of Schools requires a person of thorough educatlon and technical training in the theory and practice of teaching, and these qualifications Mr. Cloud possesses in a marked degree. He is a graduate of Sequoia High School, Redwood City, and also of the Stanford University, where he took a complete course in the subject of education. Mr. Cloud's experience as a teacher covers a period of eight years. Last year he held the position of principal of the schools of Bodie, Mono County, and so well did he please the people there that the trustees offered him an increase of salary if he would return this year. Mr. Cloud, however, declined the position for greater opportunities offered by San Mateo County. The "Times-Gazette" confidently predicts his election on Tuesday next, and we feel that the voters of the County could choose no better person to superintend our school system.

C. L. McCRACKEN

C. L. McCracken, the Republican candidate for Tax Collector has bden making friends every day throughout the caupaign, and there is no doubt of his election by a handsome majority. During the year and a half in which Mr. McCrackmen has occupied the office of Tax Collector he has proven himself to be in every way qualified for the position to which he aspires. He has brought the office to a high state of efficiency, and as a proof of his application to duty it will be remembered that last year there were fewer delinquent taxpayers in the County than ever before, and this in spite of the high tax rate that then prevailed, The people of San Matoo County can make no mistake in electing Mr. McCracken. The year and a half during which he has occupied the office has given him an expert familiarity with the duties connected with the position, and judging from the enthusiasm with which he is met wherever he goes, the voters of the County will not make the mistake of turning out a faithful and tried official. Mr. McCracken is courteous and obliging as every one who has had business with his office can testify; he is a man of education and ability, has lived in the County for seventeen years, and has built up a reputation for honesty and integrity. The "Times-Gazette" predicts a well-deserved majority for Mr. McCracken on next Tuesday.

EDGAR A. SHAW

Edgar A. Shaw, the nominee for supervisor of the Republican party for Fifth township, is receiving unstinted support in his candidacy and this is as it should be. Mr. Shaw has resided in the Fifth township all his life and thoroughly knows the wants of his district. He knows how to build good roads, honest and above board and if elected will be a credit to the township. He is a painstaking young man who will do his whole duty. He is broad guaged, public spirited and a believer in public improvement Mr. Shaw is careful, discreet, judicious and progressive, and will make a capable member in our next board of supervisors. If elected he will work for the best interests of the Fifth township in which he has spent his whole life and where the people know his worth and standing.

P. P. CHAMBERLAIN

It is unnecessary for the Times-Gazette to speak of the good qualities of P. P. Chamberlain, the nominee for treasurer, as they are known by every man, woman and child of the county. He is a man of generosity and public spirit. He can always be seen rushing to the front to aid public enterprises. No one has ever sought his aid and been turned away. It gives him pleasure to help his fellow man. This is the type of a man the Republican party has placed on the ticket many times for treasurer. While his election, as it always has been, is an assured fact yet he has made a thorough campaign. He is the right man for the office and worthy to receive the flattering honors to be paid him by his fellow sitizens. He has handled millions by the county funds and every dollar has been accounted for and taken care of as the law provides. It would be well for taxpayers to keep this in mind and give him a rousing vote on next Tuesday.

HENRY UNDERHILL

W. H. Underhill has completed a great campaign for auditor. He has personally seen every voter in the county and reports come from the north end of the county and from San Mateo that he will receive an overwhelming vote in those places. Mr. Underhill is very popular and is known every where he goes. Mr. Underhill is the present incumbent and has shown ability durlng the short time he has been in office. He has spent all his life in the county and his career therefore is an open book. The voter can feel sure of good clean administration of the office if he is elected. Mr. Underbill is honest and capable and with these qualifications he feles confident that the electors will give him due consideration when stamping their ballots on next Tuesday. Taxpayers may rest assured the affairs of the auditor's office will be carefully guarded if he is elected and there is very little doubt but that he will. In him the county will have a painstaking and honest official.

J. F. JOHNSTON

If there is one man in San Mateo county that the voters should elect it is Jhonnie Johnston, the Republican nomineee for county clrek. He should be reelected because of his fitness for the office he seeks and also as a rebuke to those who went out of their way to cast reflection on him. He is an honorable gentleman who may always be found at his post performing his duties as they should be. He is the man the taxpayers should keep in office. If a large firm or corporation has an efficient employe who has proven himself trustworthy by years of employment it may be put down that they will not dismiss him but on the contrary promote him when the opportunity presented itself. So with Johnnie Johnston, the taxpayers have found him worthy and they should retain him in office. Mr. Johnston is well known throughout the county and wherever he went during the campaign he was greeted with the heartiest enthusiasm. He is a competent, complacent and worthy man. Be sure that you vote for him.

WILL EASILY GET THERE AGAIN

It has been circulated that a change should be made for county treasurere for the reason that the present treasurer has been in office long enough. Would any sane man discharge or change his best man simply because he has been in his employ a long time? The answer would be—no, never. The county's money has been counted by each successive grand jury and by their expert accountant, as well as verified each month by the supervisors and never a cent discrepency has ever been found to exist.

The guardian of the county's cash is a man tried and trusted by all. A vote for P. P. Chamberlain means a recognition of services well and faithfully rendered.

JOS. J. BULLOCK

J. J. Bullock, the Republican nomine for district attorney, without doubt will receive the largest majority on the ticket next Tuesday. His majority four years ago was about 1000. That large vote showed his popularity that time and he has grown in popularity since so that his vote on next Tuesday will not fall much shor oft that figure. He has ably filled the office to which he again seeks reelection. He has made a good officer and the people of San Mateo recognize the fact and will retain him in office. Mr. Bullock has made his own way in the world and achievedhis present hig position in the community by hard work and industry. Such type of men the people love to honor.

On October 27th there was born to the wife of R. E. Woodhams in Eureka a baby boy weighing 11 pounds. Mr. and Mrs. Woodhams formerly resided at La Honda.

What Grand Jury Said in 1905 About Mr. P. P. Chamberlain

"The books and monthly reports of the county treasurer are kept so as to show in a clear and concise manner the receipt, expenditure and balances of the moneys of every different fund. His books are correctly written up and accounts balanced, I find on file in the aduitors office not only a strictly correct account, but a voucher for every cent paid out."

The foregoing is what Mr. Geo. R. Sneath, as forman, and Mr. Chas. J. Hatch, as secretary of the grand jury of 1904-5, reported to the Superior Court over their signatures in reference to the books and accounts of P. P. Chamberlain, county treasurer.

Can the voters of the county ask for a stronger recommendation? Vote for Chamberlain.

MADE REPUBLICAN VOTES

The Democrat in its issue of Thursday in sheer desperation and yelp of a lost cause, abuses the Republican candidates and makes statements that cannot be substantiated. With defeat staring it in the face it uses vituperation and calumny. It makes statements that are misleading and makes an appeal to prejudice to bolster up the candidates. This whole sale, violent and vulgar abuse of men who have the temerity to run for office, is not only unjust, but unfair. It is stupid and ineffective. It really defeats itself by its very violence. Calling names, sweeping extravagant and virulent abuse of candidates is disgusting to sensible and just men. The American people believe in fair play, and they will not stand by and see a man lynched unjustly by newspapers. The very fact that he is unjustly attacked, makes him an object of sympathy and help. This is the creed of the Times-Gazette and its practice is according to its creed. It means to treat men and issues fairly It leaves to others the work of slander and vilification.

J. H. COLEMAN

A Worthy Official Maligned

A dispatch from San Mateo appearing in a local paper does J. H. Coleman, the nominee for supervisor of the Second township an injustice and accuses him of grave charges. The article was no doubt inspired by some political enemy of Mr. Coleman and it was written to do him harm but it has failed in its purpose. The article says among other things that Mr. Coleman as chairman of the board of supervisors was responsible for the raise of the cost of the construction of the new courthouse from $125,000 to $240,000. How rediculous. What rot to pass up to intelligent men Mr. Coleman has only one vote in the board—one vote in five. It took a majority of the five supervisors to make the raise spoken of. The records of the board will show that Mr. Coleman always voted to economize in the expenditure of money on the courthouse fund. But this is only one way Mr. Coleman's enemies have to hood wink the voters of the Second township. The article mentions poor roads in the township when as a matter of fact the highways in the township are the very best in the county. Mr. Coleman has made a good supervisor and has given the people an excellent administration and more over he has always done the will of his people on the board. He has been fair in the distribution of his patronage. No man could discharge his duties with any more care of diligence and give to his township the attention he has given it. The voters of the Second township if they are true to themselves and to their best interests they will roll up a large majority for J. H. Coleman next Tuesday.

DR. PLYMIRE

Dr. Plymire, the next coroner and public administrator, is peculiarly fitted for the office to which the people will elect him on next Tuesday. He is a surgeon and can do agreat deal in performing autopsies. His vote will be a large one.

Endorses Roy W. Cloud

Edward P. Cubberley, professor of education of the Stanford University, has written the following letter for publication endorsing the candidacy of Roy W. Cloud for superintendent of schools:

"I take pleasure in stating that Mr. Cloud was graduated from Stanford University with the class of 1905, receiving the degree of A. B. For some time he was a student under me in Education, in which he did good work. I should consider him as especially well fitted for teaching or for supervisory work. Very truly yours, EDW. P. CUBBERLY,
Professor of Education."

DEATH OF RUFUS H. HATCH

Passing Away of One of Halfmoon Bay's Best Citizen

Rufus H. Hatch, one of the best known citizens of San Mateo county, passed away at his home at Halfmoon Bay Monday evening at the ripe old age of 77 years.

When the discovery of gold made California the mecca for the hopes of so many thousands of people, flocking from all parts of the world to share in the treasures proclaimed, there were some who saw at once wha had escaped the eyes of those looking below the surface of the land—the rich valleys and verdant hills and sunlight as bright as the glitter of gold. With almost every day of his life spent in tilling the soil, it was little wonder that Rufus H. Hatch felt his eyes gladdened by the sight of such productive farming land and wasted no time in mining when his chosen work lay at hand

Born in the Green Mountain state he inherited a taste for pastoral work from his father Alvin Hatch, who was a farmer his entire life, his ancestors being emigrants from England.

Rufus H. Hatch was born at South Reading, Vermont, Sept. 22 1829 and passed his boyhood in that state. leaving home at 21 years of age to experience the joys and responsibilities of life. After three years in Massachusetts he came to California, landing at San Francisco in 1853. With one year's work on a hog ranch near the old Mission, he came to this county, locating in 1855, on three hundred and twenty acres of government land, which he paid for in greenbacks at San Francisco. This farm was located within three miles of Halfmoon Bay and for about twenty years he spent his time upon it, engaged in general farming and stock raising. He made his home in Halfmoon Bay for the past thirty years having rented his property. Mr. Hatch also owns a half interest in a large tract of timber land, comprising between five and six hundred acres.

Mr. Hatch married Martha Schuyler, the daughter of James Schuyler, one of the oldest settlers in Halfmoon Bay and the first to keep a hotel in that place. The children born of this union now living are Alvin S., who is now the manager of his father's shingle mill; Edna and Clara. Mrs. Hatch died in 1888. Having been a Whig in the stirring days of 1851, he entered heartily into the same principals embodied in the Republican party.

AN EXCELLENT SUGGESTION

The suggestion has been made, and it is an excellent one, that when the Dumbarton bridge is built across the bay that provisions be made for a drive way across the bridge. Alameda and San Mateo counties would then be brought into closer communication. Then, too, what a fine drive it would be. Of course the two counties would have to pay the extra expense of construction but it would pay. This opportunity should not be lost. Now is the time to take the matter up. As soon as the Southern Pacific gets a permit from the government work will begin. It therefore behooves the people to be up and doing and see to it that the drive way is constructed.

The injecting of the slot machine into the sheriff's contest by the Democrat is about as rediculous as it is ineffective to say that there will be a wide open county if Bob Chatham is elected is too absurd to answer. It is done merely to mislead the voters. But it won't.

Samuel P. Hall the candidate for Justice of the District Court of Appeals was in town yesterday. He is indorsed by the Bar Association and is a lawyer of wide experience. He was elected three times district attorney of the county of Alemade and served for eight years as Superior Judge. A man with such a record ought to be elected.

E. A. HAYES FOR CONGRESS

WHY HE SHOULD BE RE-ELECTED

For the last two years the State of California has been represented in Congress by a solid Republican delegation of good men. This spectacle incites the envy of our Democratic friends, and they are making herculea efforts to break into this charmed circle. In 1892 the United States was generally prosperous. The manufactures were busy, the farmers received good prices for their crops, and the laborers and mechanics were sure of steady employment at good wages. In an evil hour they listened to false teachers who rang the praises of the value of a change of parties. We then heard much of the benefits to be derived from returning the Democratic party to power. The people were beguiled into reelecting Mr. Cleveland president, and their frenzy chose a Democratic congress to aid him in carrying out his reform policy. Without going into details we all now the disastrous result that followed the Democratic victory. It took about all of McKinleys' first term to enable us to recover from the effects of Cleveland's second term. So far as the control of the House of Representatives is concerned we are this year asked to repeat the same disastrous experiment. What has the National Democratic party done since 1892 to make it worthy to be trusted by the people? What has Democracy done in California which makes it any more worthy of the suffrage of a thinking voter than when it was defeated last? The Democratic party National and state, has demonstrated its incapacity to govern either the nation of the state. It has done nothing since it made these experiments in government to merit the confidence of the people, and as they were disastrous, a thoughtful people will hesitate to again entrust it with power.

The eight California congressmen have had a proper share in eenacting legislation which is a credit to their party. The passage of the following measures would cause the session of Congress at which it was enacted to go down into history as worthy of mention:

1. The Meat Inspection Bill.
2. The increased appropriation for Agricultural Experiment Stations.
3. The Pure Food Bill.
4. The Employers' Liability Bill.
5. The Railroad Rate Bill.

The value of these measures is we believe generally understood by the people, who had long been demanding just such legislation. They were placed on the statute books by Republican votes, and approved by a Republican president. Most, if not all, these measures, were opposed at some or all stages by the Democrats, not because they thought them bad laws; but rather because they did not want the Republicans to have the honor of inaugurating and pushing to a successful conclusion such valuable measures.

Besides being generally helpful in securing the passage of beneficial measures for the whole country, the California delegation did yoeman service for their own great state, more in fact than has been done for the state at any session of Congress except the one which granted her the boon of self government. A most important measure was the one giving California 5 per cent of the proceeds of the sale of public lands within her borders since the admission of the state in 1850. As a result of that bill $100,000 will be added to the permanent school funds of the state, a very welcome addition at this stage of affairs. Our delegation secured an appropriation of $10,000 for the examination of the pear blight; $375,000 for a new subtreasury building in San Francisco and $100,000 for buildings and docks at Fort Mason and buildings for transport service. This last measure is of great importance because it fixes the headquarters of the transport service in San Francisco. That means that whenever transports are to carry soldiers to our possessions in the Orient, along with them will go California products for their use. They also secured $250,000 for the relief of San Francisco. In all they obtained $125,000,000 in appropriations for this state, which was as much as was secured by the 36 representatives of New York. Their success was due to the fact that in all matters concerning California they acted as a unit. Our Democratic friends would like to spoil such harmony of action by ejecting an obstructing Democrat or two into the California delegation. If successful, they will surely cripple the efforts of our congressmen in behalf of the state. In addition to these direct appropriations of Federal money for the benefit of California, the naval appropriation bill whas given to California shipbuilders the chance of securing $10,000,000. If the Union Iron Works does its duty as well as our congressman have done theirs, one or more war vessels will be built in our bay to spread the fame of California as was done by the building of the Oregon. But for the determined opposition of the Democrats a measure might have been carried through congress remitting all duties on foreign building material for the stricken city of San Francisco. We do not see how eight men could have done more for the state in this time.

It may be asked what share had Congressman Hayes in this work? Taking into consideration, that this was his first term in congress, it will be found that he had a largee share. He was responsible for the introduction of an amendment to the naval appropriation bill to the effect that the Pacific coast should not only have the privilege of bidding for the building and repairing of big warships, but also that California bidders should have a preference of 4 per cent added to the amount of their bids to provide for the difference in wages, and the freights on armor plate etc. In his efforts to secure the expenditure of this $10,000,000 in California, Mr. Hayes has shown himself a true friend of the workingman. What could Mr. Davis have done in this matter? Nothing absolutely nothing. Then Mr. Hayes secured the provision in the pure food bill that a package should be considered misbranded if it stated the weight incorrectly.

This will save money for the fruit grower and for the fruit consumer as well. The sale of under weight cans or packages has profited only the thief who engages in such practices. It will readily be seen that this district got the lions share of these appropriatioins. Nor were the old soldiers and sailors forgotten when Mr. Hayes reached Washington, as a number of them will gratefully testify.

In conclusion we call attention to the pleasing personality of Mr. Hayes, his kindness of heart, his well known integrity and faithfulness, the high esteem in which he is held by his congressional associates, the recognition he has obtained in so brief a period at the hands of the house leaders, and the highly praise worthy record he has already made. We believe there is no good reason why he should fail. He will beyond a doubt be reelecte' to represent the fifth district of the matchless state of California. To the hesitant voter we woul say, "Get in line at once and help make his election a decisive victory." He certainly deserves it. With him as your representative in Washington your interests are in safe hands. He stands for no special interest, he represents no particular class, but he rejoices in representing the whole people; and their confidence in him will again be shown by such a majority as his grateful constituents are in the habit of giving to those whom they delightt to honor.
